OUR FOUNDER

MR. ZAKARIA FADUL MOHAMMED

The CEO of Akid Occupational Safety Consultancy L.L.C., Mr. Zakaria Fadul Mohammed, is a dynamic and forward-thinking leader who has been instrumental in establishing the company's reputation as a trusted provider of comprehensive safety solutions.

Backed by a Bachelor's degree in Architecture and professional certifications including IOSH, NEBOSH, and Managing Safely, he brings a unique blend of technical knowledge and design-based risk management to the field of occupational safety.

With over a decade of hands-on experience, Mr. Zakaria has successfully led safety audits, risk assessments, and safety management system implementations across a wide range of industries, including construction, oil and gas, manufacturing, and logistics.

His deep knowledge of international safety standards and regulations has enabled organizations to mitigate risks and foster safer, more compliant work environments.

“SAFETY ISN'T A CHECKLIST — IT'S A CULTURE.”
— MR. ZAKARIA FADUL MOHAMMED

A passionate advocate for proactive safety culture, Mr. Zakaria believes that safety should be a core business value — not just a regulatory obligation. Under his leadership, Akid Occupational Safety Consultancy L.L.C. has built long-standing partnerships by delivering practical, results-oriented solutions that go beyond mere compliance.

His leadership is defined by a commitment to innovation, continuous improvement, and building trust-based relationships rooted in professionalism and mutual success.

Through his vision, Akid has grown into a leading safety consultancy in the UAE — and more recently, expanded into the Kingdom of Saudi Arabia, providing full safety consultancy services for major international events such as the Esports World Cup (EWC) 2024 and 2025 in Riyadh.

Looking ahead, Mr. Zakaria is focused on scaling Akid's regional impact, adopting emerging technologies, and driving new safety benchmarks across the Middle East. His ongoing commitment to both professional development and industry leadership ensures Akid remains at the forefront of occupational safety, shaping safer and more sustainable workplaces across sectors.

About Us

At Akid Occupational Safety Consultancy L.L.C., our mission is simple: to help businesses create safer, healthier work environments. With a team of experienced safety consultants and engineers, we bring decades of expertise across various industries — including high-profile construction, facilities management, and international events in the UAE and KSA — to ensure organizations prioritize the well-being of their most valuable asset: their people.

Safety is more than a set of rules — it's a shared culture where everyone is empowered to identify and eliminate risks. From small businesses to large enterprises, we offer tailored solutions to address your specific safety challenges. Whether it's navigating complex regulations, implementing safety systems, or providing hands-on training, we're here to guide you every step of the way.

We are passionate about proactive safety management, helping companies stay ahead of potential hazards by embedding safety into every aspect of their operations. At Akid, we partner with you to build sustainable practices that protect your employees and your business.

We believe safety should be a core value — not just a compliance requirement — and we're dedicated to helping clients create work environments where health, safety, and well-being are always a top priority.

Our Values

- ◆ **Safety:** We believe safety is the highest priority for any organization and are committed to helping clients build safe and healthy work environments.
- ◆ **Excellence:** We strive for excellence in everything we do — from service quality to customer support.
- ◆ **Innovation:** We seek out modern, effective solutions to help our clients meet their safety goals and foster continuous improvement.
- ◆ **Customer Satisfaction:** We are committed to long-lasting relationships through trust, support, and reliability.
- ◆ **Integrity:** We operate with the highest standards of transparency, ethics, and professionalism in all business dealings.

At Akid Occupational Safety Consultancy L.L.C., we are passionate about making a lasting impact on workplace safety. We ensure our clients are equipped with the tools, knowledge, and support they need to foster a strong and sustainable safety culture across their organizations.

Mission & Vision

MISSION

- At Akid Occupational Safety Consultancy L.L.C., our mission is to deliver exceptional safety solutions that empower our clients to create safer, healthier, and more compliant workplaces.
- We are committed to staying at the forefront of the industry by remaining current with international safety standards, emerging technologies, and best practices. This dedication ensures our clients receive effective, efficient, and practical safety solutions — helping them protect their workforce and exceed regulatory expectations.

VISION

- Our vision is to be recognized as a leading provider of innovative, sustainable, and effective occupational safety solutions in the UAE, the Kingdom of Saudi Arabia, and beyond.
- We aim to set the benchmark for excellence in safety consultancy by helping every organization we serve achieve a safer, healthier work environment. Through continuous improvement and client-focused dedication, we strive to shape a future where safety is embedded at the core of every business operation.

- ✓ **EIAC-Accredited
Third-Party Inspection Body**
- ✓ **UAE-wide & KSA Experience —
Trusted on major projects like EWC**
- ✦ **Technically Sound
& Field-Tested Inspectors**
- 📋 **Accurate Reports with
Clear Compliance Judgements**
- 🕒 **Fast Response &
Flexible Scheduling**

WHY CLIENTS CHOOSE AKID

At Akid Occupational Safety Consultancy L.L.C., we don't just offer safety services — we build long-term partnerships rooted in trust, technical expertise, and measurable results. Our clients choose us because we consistently deliver high-impact safety solutions across complex, high-stakes environments in both the UAE and the Kingdom of Saudi Arabia.

Trusted by Industry Leaders

- We are the safety consultancy of choice for major projects and global events, including the Esports World Cup 2024 & 2025 in Riyadh, EXPO 2020, Global Village, and construction icons like Uptown Dubai and Atlantis 2.

Regional Coverage with Local Expertise

- With our head office in Dubai and active operations across Saudi Arabia, we offer integrated support tailored to each country's regulatory framework — ensuring regional presence with local precision.

Full-Service Safety Solutions

- Our scope extends beyond inspections. We offer end-to-end safety coverage, including RAMS documentation, on-site safety supervision, lifting and PPE inspections, scaffold audits, and hands-on safety training — all under one roof.

Qualified, Field-Tested Professionals

- Our team includes NEBOSH-certified inspectors, LEEA-trained engineers, ISO 9001 Lead Auditors, and specialists in scaffolding, lifting, and PPE. With over 20 years of combined field experience, we bring unmatched competence to every site we support.

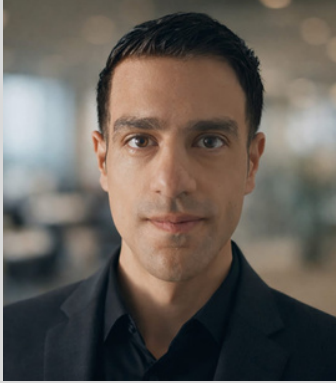

Proactive, Rapid Response

- We understand the fast-paced demands of live events and construction sites. Our team is agile, responsive, and capable of mobilizing quickly — without compromising on compliance, quality, or safety integrity.

Commitment to Excellence

- We don't settle for ticking boxes. We work collaboratively with clients to embed safety into their core operations, promote best practices, and ensure lasting impact through actionable recommendations and continuous improvement.

We are a skilled and professional team specializing in safety consultancy, third-party inspection, and compliance services across the UAE and the Kingdom of Saudi Arabia. With expertise spanning engineering, sales, quality, and administration, our team ensures reliable coordination, technical precision, and exceptional client service. Whether supporting complex site operations or handling inspection documentation, we are committed to delivering efficient, accurate, and trusted safety solutions built on accountability and teamwork.

Team Experience

Our engineering team brings over 20 years of combined experience in safety inspections, risk assessments, and compliance audits across the UAE and the Kingdom of Saudi Arabia. From construction sites and large-scale entertainment events to industrial plants and hotel facilities, our engineers deliver practical, hands-on expertise backed by deep regulatory knowledge and a strong commitment to precision.

We've supported major projects including Global Village, EXPO 2020, and the Esports World Cup (EWC) 2024 & 2025 in Riyadh. Our team continuously enhances its knowledge of emerging safety practices and international standards, ensuring we stay ahead of regulatory shifts while maintaining a sharp focus on quality, innovation, and operational excellence.

NOTABLE PROJECTS:

- Full safety consultancy for the **Esports World Cup (EWC) 2024 & 2025** – Riyadh, KSA
- Inspections at Hassyan **Clean Coal Power Plant**
- Safety inspections for events at **Global Village** and **EXPO 2020**
- Safety inspections for **The Giving Movement events**
- Inspections at high-profile construction sites such as **Uptown Dubai, Atlantis 2, and Brookfield Tower**
- Collaborations with facility managers at prominent malls and hotels, including **Nakheel Mall, Anantara Hotel, Burj Al Arab, Le Méridien, and Westin Hotels**

QUALIFICATION AND CERTIFICATION

- **NEBOSH** Certified Inspectors
- **LEEA** Certificate Holders
- Mechanical & Civil Engineers
- QMS **Lead Auditors** (ISO 9001)
- Extensive experience in lifting, scaffolding, and PPE inspections across diverse sectors

A Brief Story

Akid Occupational Safety Consultancy L.L.C. was founded with a visionary commitment to raising safety standards and delivering tailored, innovative solutions that meet the dynamic needs of modern workplaces. From the beginning, we built our reputation on excellence — offering comprehensive services that ensure the highest levels of safety, compliance, and risk mitigation across diverse industries.

Our mission has always been to improve workplace safety by focusing on proactive risk management, regulatory alignment, and fostering a safety-first culture. With unwavering dedication to safeguarding lives, we help businesses build and maintain the safest possible environments, protecting their most valuable assets — their people.

Over the years, Akid has grown to become a trusted name in the UAE and, more recently, the Kingdom of Saudi Arabia, where we provided full safety consultancy for EWC 2024 & 2025 in Riyadh. Our qualified team of safety consultants and engineers brings deep industry knowledge to every project, delivering effective strategies and ensuring compliance with local and international standards. We understand that safety is not a one-size-fits-all service. That's why we work closely with every client to design solutions tailored to their operational risks — from safety audits and risk assessments to hands-on training and custom safety systems. Our goal is always the same: to embed a culture of safety that is both sustainable and effective.

At Akid, we take pride in providing accurate, up-to-date safety information, consultancy, and training. We are driven by a passion for protecting lives and making a lasting impact on every workplace we serve. As we look ahead, we remain committed to pushing the boundaries of safety consultancy — fostering safer, more resilient organizations across the region.

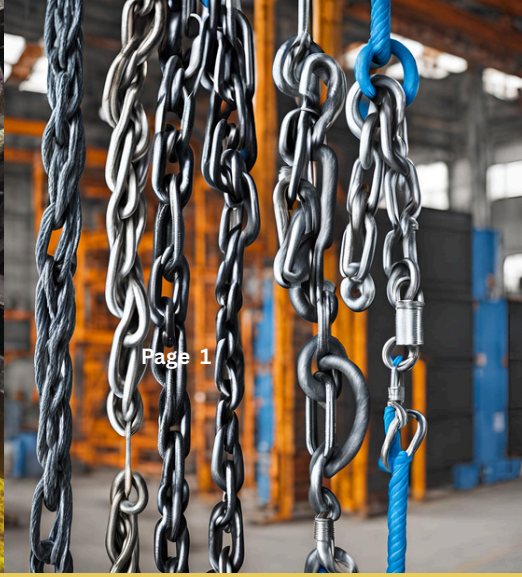

Our Services

Safety Consultancy Services

RAMS PREPARATION

Akid Occupational Safety Consultancy LLC provides tailored risk assessments and method statements to identify, evaluate, and control potential hazards. We apply UAE-specific regulatory frameworks and best practices to formulate actionable, practical RAMS (Risk Assessment and Method Statement) documentation, promoting operational control and strong safety culture. Our structured RAMS clearly outline site procedures, resources, and mitigation measures, enabling safe, incident-free task execution.

ONSITE SAFETY SUPERVISION

We offer professional onsite safety supervision to ensure full compliance with local safety laws and international best practices. Our team of trained inspectors delivers continuous oversight across various projects — from construction zones to industrial sites. Through proactive monitoring, we ensure that safety protocols are implemented effectively, risks are controlled, and a safe working environment is maintained.

Approach and Methodology

SAFETY CONSULTANCY AND INSPECTIONS

At Akid Occupational Safety Consultancy LLC, our approach is client-focused, practical, and results-driven. We begin each engagement with a thorough evaluation of the client's specific operational needs, project risks, and compliance obligations. This allows us to design tailored safety strategies aligned with both local regulations and international best practices. Our consultancy process includes the development of detailed method statements, implementation of targeted control measures, and on-site follow-up to ensure those measures are effectively adopted. Regular audits, real-time monitoring, and proactive feedback loops allow us to drive continuous improvement, helping clients maintain the highest standards of safety and operational control.

COMPLIANCE

We place strong emphasis on ensuring full compliance with local and international safety regulations. Our team conducts rigorous audits and documentation reviews to assess regulatory conformance, identify gaps, and provide practical recommendations for immediate and long-term compliance. We stay consistently updated with evolving safety legislation and industry codes of practice across the UAE and the Kingdom of Saudi Arabia. Our commitment to compliance is embedded in our operational culture and reinforced through our adherence to ISO standards and other globally recognized certifications, ensuring clients not only meet legal obligations but also uphold the highest level of workplace integrity and accountability.

TECHNOLOGIES AND METHODOLOGIES

While we do not currently employ advanced digital tools, our approach is grounded in structured inspection systems and proven methodologies. We apply recognized safety procedures, risk management frameworks, and industry standards to deliver reliable, practical outcomes. Our methods ensure consistency, technical accuracy, and compliance, enabling clients to maintain effective safety practices across diverse work environments.

**SAFETY
FIRST**

Our Commitment to Safety Excellence

At Akid Occupational Safety Consultancy L.L.C., safety is more than compliance — it is a continuous commitment to excellence that defines who we are and how we serve our clients. Every inspection, consultancy, and training engagement we undertake reflects our dedication to protecting people, property, and the environment through precision, integrity, and accountability.

Our commitment begins with competence. Each member of our team is trained, certified, and guided by international best practices to ensure every service meets the highest technical standards. Through ongoing professional development and strict adherence to ISO/IEC 17020 requirements, we guarantee that our operations remain impartial, consistent, and reliable at every stage.

We strive to lead by example — fostering a proactive safety culture that empowers clients to go beyond compliance and achieve sustainable safety performance. By integrating innovation, practical experience, and regulatory knowledge, we deliver results that not only meet legal obligations but also strengthen the foundation of every organization we support.

At Akid, excellence is not a goal — it is our standard. We remain steadfast in our mission to elevate safety standards across the UAE, the Kingdom of Saudi Arabia, and beyond, shaping a safer and more resilient future for all.

Quality Policy

AKID OCCUPATIONAL SAFETY CONSULTANCY L.L.C

Quality Policy

Ref: AKID-QP

AKID OCCUPATIONAL SAFETY CONSULTANCY L.L.C is committed to delivering the highest quality services to all of our valued clients through the implementation and maintenance of a comprehensive quality management system. This system ensures compliance with regulatory requirements and the ISO/IEC 17020:2012 standard, and is continuously monitored and updated to guarantee full adherence.

Our commitment to continual improvement is demonstrated through:

- Achieving our mission and goals.
- Demonstrating responsibility and respect for our roles and each other.
- Conducting extensive training programs.
- Providing quality services.
- Ensuring on-time delivery.

AKID OCCUPATIONAL SAFETY CONSULTANCY L.L.C is dedicated to delivering quality, effective, and value-added inspection and certification services that meet our customers' requirements completely and promptly. We employ a competent workforce, maintain the integrity of our company, and strive to expand, diversify, and enhance our management systems.

Inspection and certification services are always performed in accordance with standardized or validated methods and client requirements. Requests for tests that might jeopardize the objectivity or validity of results are firmly rejected.

Our standards of service include:

- Client satisfaction.
- Accuracy.
- Timeliness.

We promote excellence in the workplace by equipping all employees with the knowledge, training, and tools necessary to complete their tasks accurately and on time.

Mr. Zakaria Fadul

HEALTH, SAFETY & ENVIRONMENT (HSE) POLICY

Akid Occupational Safety Consultancy L.L.C. (AOSC) is committed to maintaining a safe, healthy, and environmentally responsible work environment for all employees, clients, contractors, and visitors. As a company specializing in inspection, safety consultancy, and high-risk activity oversight, AOSC acknowledges that strong HSE performance is essential to the success, integrity, and sustainability of all projects under our responsibility.

To achieve this commitment, AOSC shall:

- **Comply with all applicable UAE Federal Laws, Local Municipality regulations, OSHAD requirements, and relevant international standards** governing workplace health, safety, and environmental protection.
- **Identify hazards, assess risks, and implement effective control measures** to prevent incidents, injuries, property damage, and occupational illnesses.
- **Ensure all employees and inspectors are trained, competent, authorized, and medically fit** to perform their duties safely and responsibly.
- **Promote a proactive safety culture** by encouraging open reporting of hazards, near misses, and unsafe behaviors without fear of reprisal.
- **Protect the environment** by minimizing waste, preventing pollution, and managing resources efficiently throughout all operations.
- **Maintain clear communication of HSE responsibilities** across all levels of management and workforce, ensuring alignment with project-specific requirements.
- **Conduct regular inspections, audits, and periodic reviews** of our HSE practices to ensure continual improvement of our performance.
- **Empower all employees with the authority to stop work immediately** if unsafe conditions or practices are identified.

Management is fully committed to enforcing this HSE Policy across all AOSC operations and ensuring the continuous improvement of our health, safety, and environmental performance. This policy shall be reviewed periodically to ensure its relevance, effectiveness, and alignment with legal and operational requirements.

Mr. Zakaria Fadul

Chief Executive Officer

Akid Occupational Safety Consultancy L.L.C.

APPENDIX– 2 – HSE PLAN

Akid Occupational Safety Consultancy L.L.C. (AOSC) maintains a Quality Management System that ensures all inspection, verification, and safety consultancy services are performed consistently, accurately, and in compliance with applicable standards. This Quality Plan outlines the key processes used to maintain service quality across all AOSC operations.

1. Compliance With Standards

AOSC operates in accordance with:

- ISO/IEC 17020 (Inspection Body requirements)
- Relevant UAE regulatory requirements
- Industry-specific technical standards applicable to lifting equipment, scaffolding, falsework, PPE, and safety operations

2. Competency & Training

AOSC ensures that all inspectors and personnel:

- Are trained, qualified, and competent for assigned inspections
- Hold necessary certifications and authorizations
- Receive ongoing technical and safety training

3. Inspection Process Control

All inspections follow controlled procedures including:

- Job planning and risk assessment
- Use of calibrated tools and equipment
- Documentation of findings using approved checklists
- Identification of nonconformities and unsafe conditions

4. Calibration & Equipment Control

AOSC ensures:

- All inspection instruments are calibrated and traceable
- Calibration records are maintained and periodically reviewed
- Defective tools are removed from service immediately

5. Reporting & Documentation

AOSC maintains clear, accurate, and traceable records:

- Inspection reports
- Certificates of conformity
- NCRs and corrective action logs
- Project-specific documentation

All documents are controlled under the QMS and maintained securely.

6. Corrective & Preventive Actions (CAPA)

When nonconformities or deficiencies are identified:

- Root cause analysis is performed
- Corrective actions are implemented and monitored
- Preventive measures are applied to avoid recurrence

7. Continuous Improvement

AOSC continuously improves its processes through:

- Internal audits
- Management reviews
- Technical training
- Client feedback and performance evaluations

This Quality Plan is intended to support consistent delivery of high-quality inspection and safety services for all AOSC clients and projects

APPENDIX-3 – RESOURCES & CAPABILITY STATEMENT

Akid Occupational Safety Consultancy L.L.C. (AOSC) confirms that it has the sufficient, competent, and well-structured resources required to carry out all inspection and safety consultancy services for the project. AOSC maintains a qualified team consisting of a Technical Manager (TM), Deputy Technical Manager (DTM), Engineers/Inspectors, a Quality Manager, Administrative staff, Accounts personnel, Sales team, and a Coordinator, ensuring full technical and operational support throughout the project.

1. Manpower Capability

AOSC's inspection and consultancy services are supported by:

- A Technical Manager and Deputy Technical Manager overseeing technical delivery
- Competent and trained Engineers/Inspectors for lifting equipment, lifting accessories, scaffolding, falsework, and PPE inspections
- A Quality Manager ensuring compliance with internal QMS requirements
- Administrative, Accounts, Sales, and Coordination staff supporting operational continuity

This structure ensures AOSC can perform all required inspections and consultancy services efficiently and professionally.

2. Inspection Tools & Equipment

AOSC maintains all necessary calibrated inspection tools and instruments, including laser distance meters, measuring tapes, digital calipers, spirit levels, chain wear gauges, hook gauges, fork-arm wear gauges, PPE inspection tools, and scaffold measurement tools.

All equipment is calibrated and controlled in accordance with AOSC's Quality Management System, with records maintained in the official Equipment List

3. Operational Capacity

AOSC has the operational capability to fully support the project through:

- Dedicated inspection scheduling and coordination for timely deployment of inspectors
- Technical, quality, and administrative support from our Dubai office
- Controlled document management and report preparation systems ensuring accuracy, traceability, and compliance
- Field mobility resources enabling rapid on-site deployment
- Flexible manpower scalability to increase inspection support as project demands grow

AOSC confirms that adequate competent personnel, inspection tools, and organizational resources are available to support the L41 & L42 Villa Projects at Emirates Hills, Dubai, as and when inspection services are required.

Engineer's Comments

- All inspections shall be carried out in accordance with the applicable authority requirements and approved inspection criteria.
- The third-party inspection body shall verify all required documents, including approved design drawings, calculations, and other relevant approvals, before commencing the inspection.
- Inspection timesheets shall not be considered as third-party inspection certificates. The third-party inspection body shall issue the inspection certificate immediately upon completion of the inspection.
- The contractor shall notify the Engineer at least one day in advance of the scheduled inspection to facilitate witnessing, where required.
- ATC, the HSE team, and the third-party inspectors shall conduct joint inspections, and all inspection records shall be maintained and made available at the site.
- The contractor shall ensure that all required documents and valid third-party inspection certificates are obtained before the inspected items are put into service or used on site.
- All required permits shall be obtained by the contractor prior to commencing the inspection.
- Any deviation from the approved inspection procedure or authority requirements shall be the responsibility of both the contractor and the third-party inspection body.
